

The world's first green-rated steel roofing sheet.

New True Oak Superior Corrugated ECO.

The latest bright idea from the innovation leaders of the steel roofing industry in Australia, Revolution Roofing.

True Oak Superior Corrugated 'Deep' 21mm, the best deep profile roofing in the nation, is now available in smart new ECO.

Intelligent design means True Oak ECO reduces your carbon footprint due to the reduction in embedded energy, as tested by Independent Ecospecifier, Global Green Tag.

Although lighter, it still has legendary True Oak strength, enabling wider spans without extra support.

True Oak ECO also still has all the usual independent engineering certifications, so don't just take our word for it.

And by being Green, you don't sacrifice the aesthetic, dramatic prison-bar pattern that True Oak is renowned for.

Get on the ECO wave.

▲ Top profile - **True Oak 21mm Corrugated**; Bottom profile - Standard Shallow 15mm Corrugated.

Do the right thing. Do the smart thing.

Roof Span (based upon AS 4040.1 Point Load tests were in accordance with AS 1562)	True Oak ECO
Single Span	700
End Span	900
Internal Span	1200
Unstiffened Overhang	75
Stiffened Overhang	350

Non-Cyclonic True Oak ECO					
NON-CYCLONIC wind uplift Resistance – Service and Strength Limit State Design					
Span (mm)	End Span		Span (mm)	Internal Span	
	Serviceability (kPa)	Strength (kPa)		Serviceability (kPa)	Strength (kPa)
900	0.82	5.65	1200	0.80	5.24
1200	0.62	3.87	1500	0.69	3.93
1500	0.57	2.89	1800	0.60	3.10
1800	0.47	2.27	2100	0.52	2.54
