REVOLUTION Maxline

MAXLINE: THE KING'S COLLEGE, WA, BY LANTERN ARCHITECTURE.

THIS UNIQUE PROFILE, NAMED AFTER RENOWNED ARCHITECT MAX PRITCHARD, OFFERS YOU A STYLISH AND COST EFFICIENT SOLUTION FOR YOUR BUILDING PROJECTS.

Made from 100% Nexteel™ steel, this concealed fix cladding profile is perfect for roofing and walling. It's fully trafficable which means there is no need for a substrate (translation: less material cost, less labour cost).

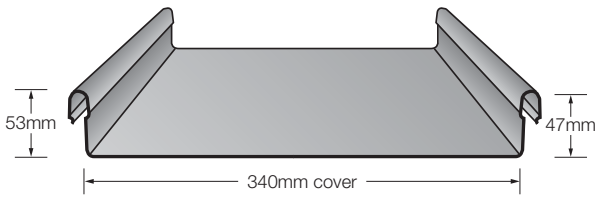
What you get by partnering with Maxline and Nexteel™, is the ability to add style and space with colour and finish options you've never seen before.

Features & Benefits:

- Concealed fix flat profile
- Self-spanning up to 1500mm
- Perfect for both walling and roofing
- Mansard application is available (transitioning from wall cladding to roofing in a single sheet)
- Genuine 325mm wide pan profile
- Strong narrow 'needle' 53 rib line
- Innovative Angle Cut technology for clean lines and a superior finish on all rakes and hips
- The strongest flat pan concealed fixed profile in Australia which requires no plywood, no button punching and no mechanical seaming.

Minimum Roof Pitch:

Can go down to a minimum roof pitch of 1 degree



COLOURS & FINISHES

Whatever the project, once you have completed the profile selection it is time to move on to colours and finishes. Be inspired as you choose from an extensive Nexteel™ colour range on various substrates. You are spoiled for choice with Heritage Galvanised Z600, Woodgrain colours, polychromatic colour travel paint, RAL colour matching, Printech PVDF paint, on your choice of a steel or lightweight aluminium substrate.
