WE'RE BRILLIANT AT DE FENCE.

TRUST VICTORY TO WIN THE BATTLE FOR THE BEST-LOOKING FENCES.

Take a look at our exclusive new range.

No matter what style of home you have or colour you want, we have the designs and options to give you the look you want.

Our fences only use 100% Australian Colorbond® Steel and the range is available in a variety of double sided colours. All Victory fencing materials are manufactured to length and our new and exclusive bracket technology ensures easy, hassle-free installation.

AUSTRALIA'S BEST CORRUGATED SHEETS NOW IN FENCES.

Exclusive to Revolution Roofing and Victory is our True Oak Superior Corrugated profiles ('Deep' 21mm and 'Mid' 10mm). True Oak has a dramatic, distinctive style but laps easier and is 40% stronger than standard corrugated. This reduces the likelihood of your fence denting so it will always look great and stand the test of time.

Only with Victory Fencing, by Revolution Roofing, can you get exclusive, 100% genuine True Oak Superior Corrugated fencing. Available in both 'Deep' 21mm and 'Mid' 10mm options, in horizontal and vertical applications, there's never been a better corrugated fence. The deeper, rounder curves of True Oak Superior Corrugated offer a greater strength and results in better lapping. This means your fence won't rattle like that annoying neighbour.
